Attempts: 157 out of 161

A really strong French chef throws a 1 meter long baguette at you for insulting his croissants. You dodge the loaf, which is quite a feat because it is moving at four-fifths the speed of light. How long does the loaf look to you as it whizzes by your head?

**Correct answer**  
60% of your students correctly answered this question.

8% 1/5 m  
13 respondents

60% 3/5 m

Attempts: 157 out of 161

For an electromagnetic wave moving through vacuum, what is the ratio of the magnitude of the electric field to the magnetic field equal to?

- a)  $\epsilon_0$
- b)  $4\pi\epsilon_0$
- c)  $c$
- d)  $c^2$
- e) I don't know.

**Correct answer**  
24% of your students correctly answered this question.

24% a)  
39 respondents

32% b)  
51 respondents

24% c)  
38 respondents

Attempts: 153 out of 161

The image shows a blob shaped closed surface, with total area  $A$ , and has several charges scattered randomly throughout the volume it encloses. In total there are 6 free electrons and 17 free protons within the blob. If  $q$  represents the fundamental charge of a proton and  $\epsilon_0$  is the permittivity of free space, then what is the electric flux through the surface?

- a)  $23 \frac{q^2}{A}$
- b)  $11 \frac{q}{\epsilon_0}$
- c)  $-6qA$
- d)  $\epsilon_0 A$
- e) I don't know

**Correct answer**  
52% of your students correctly answered this question.

**+0.46** Discrimination Index ?

6% a) 10 respondents

52% b) 84 respondents

4% c) 7 respondents

16% d) 26 respondents

16% e) 26 respondents

5% No Answer 8 respondents

Attempts: 153 out of 161

An electron is released from rest at point B, where the electric potential is 0V. Afterward, the electron will

**Correct answer**  
46% of your students correctly answered this question.

**+0.43** Discrimination Index ?

22% remain at rest at B. 35 respondents

9% move toward A at constant speed. 15 respondents

46% move toward A at an increasing speed. 74 respondents

5% move toward C at constant speed. 8 respondents

10% move toward C at an increasing speed. 16 respondents

3% I don't know. 5 respondents

5% No Answer 8 respondents
